## **Financial Evaluation and Scoring System for Bids**

**(Maximum Allocable Marks Score = 30 marks)**

*The financial bids of technically qualified bidders will be opened publicly at the time to be announced by the Procuring Agency and the financial bids found technically non-responsive shall be returned un-opened to the respective Bidders.*

Total Allocable marks for Technical Proposal = 70

Total Allocable marks in Financial Proposal = 30

Total Combined Allocable Score for individual bids = Marks

obtained in Technical Evaluation + Marks obtained in Financial Evaluation = 100

**Scoring Methodology:** Contract will be awarded to the best-evaluated fair and responsive bidder whose product ranks highest in the Combined Evaluation scoring calculated through the Marks awarded to Technical Proposal and Financial Proposal as stated in the Bid Data Sheet of these Standard Bidding Documents.

The Evaluation Methodology is a combination of non-price factors (in Technical Criteria) and price factor (in Financial Criteria); and each having points as elaborated in the evaluation proforma provided in these SBDs.

**Procedure for the Marks Scoring:** Marks will be awarded or otherwise for various technical parameters to each quoted product based on the prescribed Technical and Financial criteria. The total combined marks will determine the highest-ranking production each product category for contract award.

**The formula to calculate the marks for the price by the bidders other than lowest bidder is given below:**

Financial Evaluation Score of individual quoted Product:  
= [Lowest quoted Price of the item ÷ Next higher proposed Price of the competing item] x Total allocable financial score

**Solved Example of Financial Scoring:**

- If the lowest quoted price of an item is Rs. 86/-, the same lowest bidder will obtain score as below:

$$= [86 \div 86] \times 30$$

= 30 marks, being the lowest bidder for the quoted item.

- If the next higher quoted price of the same item is Rs. 105/-, the marks obtained will be:

$$= [86 \div 105] \times 30 = 24.57 \text{ Marks}$$

- If the next higher quoted price of the same item is Rs. 130/-, the marks obtained will be:

$$= [86 \div 130] \times 30 = 19.84 \text{ Marks}$$

.... And so on.

**Note:** The Procuring Agency reserve the rights to visit the printer's premises / warehouse of the bidders by the team of experts to verify the information / details mentioned by the bidders; if deems necessary.

**Threshold:** The bidders achieving a minimum 70 marks (i.e 70%) out of 100 marks in the Technical Evaluation will be declared technically qualified. Financial bids of only technically qualified bidders will be opened publicly at the time to be announced by the Procuring Agency. The Financial Bids of technically disqualified bidders will be returned un-opened to the respective Bidders. Merit point system on the basis of 70:30 will be used and contract will be awarded to best-evaluated bid under section 2-(c) (i) of KPPRA Act 2012.
